

## THIRD ANNIVERSARY OF THE EVENING NEWS

### MISS WAITE RETURNS

IS BACK IN GLENDALE AFTER DELIGHTFUL SUMMER IN THE EAST

Miss Ida M. Waite, principal of the Colorado boulevard school, has just returned to her home at the Gray Hotel, ready to take up her work for the coming year. Miss Waite spends her summers in travel. Last year she visited Alaska, the summer before that she made a trip to the Orient and this year she toured her own country. At the close of school in June Miss Waite took the Southern Pacific for the East. She went through El Paso, Tex., at the time the soldiers were arriving there and things had an extremely warlike appearance. Miss Waite went on to New York and attended the meetings of the National Educational Association and enjoyed the many courtesies extended to the visiting teachers, including several grand receptions at some of the large hotels. Following her visit to New York she spent a month at a resort in the Adirondacks. She made trips to many interesting points in that most picturesque region. One of the interesting features of her stay there was a visit to the Federal training camp at Plattsburg on Lake Champlain. Fifty thousand soldiers will be trained at that camp the coming year.

Miss Waite went up into Canada and visited Montreal and interesting points near there. Three delightful weeks were spent at her old home, Chicago, where she noted many changes. She returned home by way of the Royal Gorge and San Francisco; was delayed twelve hours by a break-down and arrived in Glendale yesterday morning. Miss Waite's summer was filled with delightful experiences that rested and refreshed her for the work of the coming year.

### 40TH WEDDING ANNIVERSARY

Mr. and Mrs. C. E. Peck celebrated their fortieth wedding anniversary in the romantic setting of Brookside Park Tuesday of this week. The only guests present were the immediate members of the family and a few intimate friends.

### NOTICE TO PARENTS

NOTES OF INTEREST ABOUT THE OPENING OF SCHOOL

The Glendale grammar schools will open on Monday, September 18. It is very important that every child should enter school on the first day and should thereafter be regular and punctual in his attendance. Any absence may be a serious menace to a child's standing in his classes. Also, since the State and county apportionments of funds are based upon the average daily attendance, absence on the part of the child means a direct financial loss to the district.

#### School Age

The legal age for entering school is six years. However, an allowance of three school months (twelve weeks) is made. This means that in order to enter the first grade a child would have to be six on or before December 8. No beginners will be admitted after the close of the first month of the term.

#### Kindergartens

Kindergartens will be opened at the Columbus avenue, Colorado boulevard and Broadway schools. Each of these kindergartens will take care of two school districts, as follows: Columbus avenue, its own and the Central avenue district; Colorado street, its own and the Pacific avenue district; Broadway, its own and the Doran street district. The law states the kindergarten age to be from four and one-half to six years. This law is interpreted to mean that the child will have to be four and a half before the end of the third school month, i.e., in this case on or before December 8. No allowance is made for over-age. Any child who is six years old or older on the day the term begins will not be admitted to the kindergarten. Such child may, of course, enter school if the parents so desire. In order that the parent may have a choice between the kindergarten and the school, the child must be between five years and nine months and six years old on the day the term begins.

Parents are advised not to send their children to kindergarten until  
(Continued on Page 3)

### FOR FEDERAL RESERVE

NUMBERS OF GLENDALE VOLUNTEERS TO JOIN COAST ARTILLERY ORGANIZATION

In response to a special call for a full muster of the Glendale Volunteer association thirty-five members put in their appearance and listened to the explanations given them of the proposed attachment of the local company to the Federal Reserve of Coast Artillery. Captain Johnson called the company to attention and explained to them that the United States army authorities had resolved to form a Federal Reserve of Coast artillery, as they were in need of such an organization to handle the big guns at San Pedro.

"This Federal Reserve, the captain explained, would never be called on for strike duty or State duty of any kind. It would be entirely under the authority of the Adjutant-General of the United States. Being a local company and attached to the Los Angeles-San Pedro district it would not be required to go elsewhere. The United States government would provide uniforms, rifles and ammunition.

First-Lieut. Nicoles stated that the new Federal Reserve would receive during their service one-fourth of the pay of the regular army soldier. That would make the monthly pay of the Reserve man \$4.00. On those occasions when required to go to San Pedro for big gun practice, the men would receive car fare. Barracks would also be erected at San Pedro to provide accommodation for the men when at practice. He urged those present that night to sign the roll and insure the immediate recognition of the company as a federal organization.

Second-Lieut. Joseph V. Griffin urged the men to join themselves and to get others to do so. He stated that the enrollment must amount to 70 this week in order to secure the inclusion of the Glendale contingent in the Federal Reserve. There were others eager to get in. The work was essentially that of home defense and the men would not be separated from their homes. Before leaving the greater number of those present signed the roll.

### QUEEN ESTHER PICNIC

One of the most delightful picnics of the season was enjoyed yesterday by the Queen Esther Circle of the West Glendale Methodist Church. The girls, under the chaperonage of Miss Clara Midcalf and Miss Ellis Tipton, left Glendale at 9 o'clock and camped at Griffith Park.

At 1 o'clock a delicious picnic dinner was served under the trees by Miss Midcalf. A very pleasant surprise was given the girls when, during the course of the dinner, Rev. and Mrs. H. J. Hartsell, pastor and wife of the West Glendale Methodist Church, joined the party, bringing three huge watermelons.

Hikes were made to Bee Rock and the springs during the day by the following girls: Mildred Singleton, Lelia Whitehead, Louise Fambrough, Viola Johnston, Agnes Caldwell, Virginia Fambrough, Eunice Caldwell, Irene Jones, Helen Redd, Caroline Grey, Faith Kennedy, Fay Cunningham, Eula May, Genevieve Mulligan, Louise Brooks, Ila Brooks, Marion Grey and Master Fennon May.

All returned at 5 o'clock, tired, but happy, from the third annual outing of the circle.

### WATER PIPE ON WAY

Ten cars of two-inch cast iron pipe have been shipped to Glendale and are billed to arrive here September 10. The order of which this is the first installment, calls for thirty cars. It is feared that the recent disorganization of the railroads may hold up the cars for some time, as all perishable goods would take precedence of cast iron pipe.

### KELLY FOR ASSEMBLYMAN

W. B. Kelly of No. 927 Randolph street, North Glendale, who was nominated at the primary election August by the Democrats as a candidate for Assemblyman from the Sixty-first Assembly district, has been circulating among his Glendale friends asking their support at the November election.

WEATHER FORECAST—Fair tonight and Friday; westerly winds; foggy along the coast.

### THE PUBLIC IS INVITED

The Glendale Evening News requests the pleasure of your presence at a band concert by the Glendale Municipal Band and a brief program by the Editors of the Los Angeles County Editorial Association, to be given on the space west of the Glendale Evening News building, 920 West Broadway, this evening at 7:30 o'clock.

### PROGRAM BY MUNICIPAL BAND

March, First Regiment . . . . . Skaggs  
American Fantasia, Gems of Stephen Foster . . . . . Tobani  
Pilgrims Chorus, From Lombardi . . . . . Laurendeau  
Vocal Solo, Selected—

Leo Good  
Waltz, Ninetta . . . . . Lake  
Tone Poem, Apple Blossoms . . . . . Roberts  
Intermezzo, Aisha . . . . . Lindsay  
Novelty, Hungarian Rag . . . . . Lenzberg

### FRENCH AGGRESSIVE ON VERDUN FRONT

TEUTON LINE DEMOLISHED BY MEANS OF MINES—IS CAPTURED BY THE TROOPS OF GEN. NIVELLE

(Special Service to Glendale Evening News)  
PARIS, Sept. 7.—While German activity on the Verdun front has almost died out, the French are aggressively pushing their way into the German trenches and every now and then capturing one. This morning after having exploded several mines in front of a German trench the French went forward, drove out the German defenders and took the trench.

### CONGRESS TO PASS REPRISAL LAWS

WILSON EXPECTS TO HEAR THAT EMERGENCY REVENUE BILL WILL GET THROUGH BY TOMORROW

(Special Service to Glendale Evening News)  
WASHINGTON, D. C., Sept. 7.—The emergency revenue bill did not get through the committee today as was expected. There is some hitch over various clauses; but it is believed that the bill will be presented to the House tomorrow afternoon.

### RUSSIANS ARE BOMBARDING HALICZ

ONE OF THE OUTER DEFENSES OF LEMBERG ON EVE OF BEING TAKEN BY SLAVS

(Special Service to Glendale Evening News)  
PETROGRAD, Sept. 7.—The Russians are pounding away at Halicz, the southern gateway to Lemberg. The city is expected to fall within a day. The Austro-Germans have been compelled to abandon the positions they held outside Halicz, which is sixty miles south of Lemberg. Halicz is now almost completely surrounded and cannot hold out.

### MILITIA TO BE MUSTERED OUT

TROOPS RECENTLY BROUGHT BACK FROM BORDER WILL BE SENT TO THEIR HOMES

(Special Service to Glendale Evening News)  
WASHINGTON, D. C., Sept. 7.—It was reported here today that President Wilson and Secretary Baker have decided that the troops that were recently recalled from the Mexican border shall be mustered out and sent back to their homes. The government believes that all chance of trouble with Mexico has subsided and that any attack made by Villa on the American troops can be amply taken care of.

### KEY TO GERMAN SOMME POSITION IN DANGER

(Special Service to Glendale Evening News)  
PARIS, Sept. 7.—All night and day the French artillery has been thundering against Chaunles and Combles and the British big guns have been bombarding Ginchy. These places are keys of the German positions that defend the important center, Peronne, the capture of which would be fatal to the Germans and would compel them to evacuate a large portion of territory they now hold. It was reported this morning that Combles and Chaunles are on the point of falling into the hands of the French.

### GLENDAL FACTS

AN ATTRACTIVE CITY LOCATED SEVEN AND A HALF MILES FROM LOS ANGELES

Glendale was incorporated in February, 1906.  
Population at time of incorporation, less than 800.  
Present population 8000.  
Area of original city, 2¼ square miles.  
Present area of city, 8½ square miles.  
Assessed valuation at time of incorporation, \$653,386.  
Assessed valuation at present time, \$5,000,000.

Value of buildings erected for year ending July 1, 1916, was \$202,802.  
Glendale's street parkings contain 9000 trees.

The Forestry Department of the city has propagated more than 2000 trees to be set out next winter and spring.

Glendale has thirty-seven miles of improved streets.

Glendale has a public library valued at \$20,000 with site and equipment.

Glendale has brick fire station valued at \$18,000 with equipment.

Glendale's City Hall, with new addition is valued at \$18,000.

Glendale owns her electric light and water systems.

The water system consists of sixty-two miles of pipe line.

The city owns 30 per cent. of the flow of Verdugo Canyon.

Four reservoirs and three pumping plants supply the system.

The electric light system consists of fifty miles of pole line and an underground conduit through the business portion of the city.

The street lighting system consists of 262 five-light ornamental standards; 107 single light ornamental standards; 211 single light posts, all lighted from underground cables and 338 gooseneck lamps supplied from overhead wires.

There are now 3100 electric meters connected to the city's lines.

Practically every house within the city limits is connected to the city's lines.

Rates charged by electric light department lowest in State, which does not levy taxes for the payment of interest and bonds.

Electric light rates are: 7 cents per kilowatt hour for first 20 kilowatt hours of month; 5 cents for next 14 hours; 3 cents thereafter; 50 cents minimum.

Water rates are: \$1 for first 1000 cubic feet per month; 3 cents for each 100 thereafter; \$1 minimum.

Glendale has ten church buildings and thirteen religious denominations.

Glendale has a group of three high school buildings, seven grammar schools and one church school.

Enrollment of Glendale High School for year closing June, 1916, 607.

Enrollment of grammar schools, 1396.

Enrollment of kindergartens, 87.

Enrollment of Seventh Day Adventist School, 75.

Glendale has a woman's club of 250 members belonging to the State and national federation.

The Masonic orders, Knights Templars commandery with forty-eight members; Royal Arch Masons with eighty-five members, Blue Lodge with 200 members, and Eastern Star with 140 members own their own temple.

The I.O.O.F. with seventy members and Rebekahs with fifty-seven members meet in the new building owned by the Odd Fellows.

The Elks Lodge of about 500 members will soon build a club house.

Glendale Knights of Pythias consolidated with Tropic membership of 400.

### BUSINESS BRIGHTENING, SAYS DONER

There are more inquiries on Glendale property at the present time than there has been for the past two years, says J. B. Doner, one of Glendale's most substantial realty men. During the past two weeks this office has made the following deals: House and lot on West Broadway to H. O. Malone for \$3000; lot in Los Angeles to T. J. Morgan, value \$1000; ten acres near Riverside to L. E. Brockman, amount of deal \$4000; house and two lots, of \$3750 value, on Cedar street, and one acre of land and five-room residence on East Fifth street to Charles Rodgers for \$2000.

### CHILD TRAINING

MRS. TOLL SAYS EVERYONE SHOULD READ BOOKS ON THIS SUBJECT

During the last fifty years the sciences have made tremendous strides. The knowledge of twenty-five years ago concerning electricity was very small when compared with that which exists today. The practical application then as compared with today was almost nothing. Through the whole range of science the growth has been the same. In no department of science has the growth of knowledge been more rapid than in the science of education.

Through the whole range of science the growth has been the same. In no department of science has the growth of knowledge been more rapid than in the science of education.

The time has passed when fathers can, with justice to their children, say: "The education which I received in the little red schoolhouse or the log cabin was good enough for me; it is good enough for my child." The world has materially changed so many of its standards, and so much more is now demanded of humanity than formerly that it seems more necessary than ever to keep pace with the strides taken in order not to be tramped down and lost in the hurrying hosts of men. This may or may not be a healthy or right condition, but it exists, and conditions have to be met as they exist, whether we approve of them or not.

Since Jean Jacques Rousseau aroused the parents of a century and a half ago with his arraignment of their methods of caring for their young, through the time of Pestalozzi and Froebel, Soether, Jacotot, Bain and Herbert Spencer to the present, the individuality of the child has been demanding more and more consideration. Now the conscientious mother and teacher feel it incumbent upon them to grasp every means offered them to gain definite knowledge of the science of education, which science they should put  
(Continued on Page 8)

### A VITAL QUESTION

INDUSTRIAL PROBLEM IS CONFRONTING GLENDALE, SAYS W. B. KIRK

Every serious thinking person who looks to the future of our beloved Southern California must realize that our industrial problem is the one which stares us in the face and which is of the most vital importance. The time of low-priced land and the absorption of our natural resources, which are cheaply and easily utilized, has about reached its limit and if we are to continue to increase in population and wealth we must promote manufacturing industries to give employment to people who will buy our lots, build homes and enjoy all the blessings that we enjoy. The Chamber of Commerce, the Merchants' and Manufacturers' Association and the business men of Los Angeles are realizing this and are bending their energies toward securing factories of every kind.

No country or city can be on a substantial foundation which depends on the incomes produced in other sections for its support. While the advantages of our climate attract the tourists who leave millions of dollars with us every year, and make possible a practical monopoly of the moving picture business, the problem of making a living is getting to be a very serious one with many of our citizens and if this is true now what is to be said of the thousands whom we are expecting to come and buy our lots and building materials and make their homes here as soon as times begin to get better? When our relatives and friends in the East write us asking as to business conditions and the opportunity for a position in their line or profession, can we honestly advise them to come out here and take chances under present conditions? If labor and business conditions are too congested then let us take steps to open more. The troubles of Mexico will be settled or partially so some time and in that rich territory a second California of larger dimensions, and greater opportunities will be opened to our business men. The rich valleys of  
(Continued on Page 2)

## "Hurry Up" Commercial Examinations do not Appeal to Me

I confess I take a little longer, and may be a little over particular—but look at the results I obtain. Discriminating persons appreciate this.

Just a few more of my recent patients:

Mr. and Mrs. F. J. Britler, Director of Morosco Theater, L. A.  
Mr. W. E. Hewitt, Prop. Glendale Laundry  
Mrs. J. G. Hunchberger, 344 Central Ave.  
Mr. G. B. Woodberry, City Trustee  
Mr. William A. Tanner, Sec. Fox-Woodsum Lumber Co.  
Mr. M. Sherman, 222 W. Third St.  
Mr. Oliver Merrill, 1007 Lomita Ave.  
Mrs. Theodore Pierce, 709 Central Ave.  
Mr. and Mrs. L. N. Pierce, 1428 W. Seventh St.  
Miss Della Echols, 1215 W. Seventh St.  
Miss S. M. Eves, 416 Orange Grove Ave.  
Mrs. Harry Duffield, 1222 Lomita Avenue  
Mrs. Fred Scott, San Fernando Road

P. S. Examinations are without charge, but appointments should be made in advance.

## Dr. C. Stuart Steelman

### A VITAL QUESTION

(Continued from Page One)

the west coast of Mexico are largely owned by Los Angeles citizens and other Americans and the mines and oil wells of the interior will produce great wealth and give an outlet to our commerce where we now have none. On account of the war and the friendly relations which our present administration has fostered with the South American countries the expansion of our trade with those states on the Pacific especially should be very marked.

Considering that we have no iron or coal for the iron or steel industry what lines of manufacturing should we be able to excel in? With oil for fuel and cheap electrical power we should have cotton mills to consume every pound of cotton grown in the Imperial and Palo Verde valleys. These would employ labor and add largely to our population. The products of these mills, such as denim, shirtings, outings, etc., should be manufactured into overalls, shirts and every character of cotton garment which is used. Hosiery mills, too, would be ideal factories for this product and this location. So far as I know there is only one cotton mill on the Pacific Coast—that at Oakland—and I believe a great deal of California cotton is shipped to Japan for manufacture. Woolen mills to utilize the raw products of our western sheep, cement and its products, potash and the other fertilizers from kelp, as well as the development of potash deposits of the desert, all offer large fields for capital and the employment of labor.

It is high time that we in Glendale should arouse to the fact that we must have some of these industries here if we expect the town to grow and our business men to prosper. We should secure an industrial district at once in the logical place near the Southern Pacific tracks in West Glendale and be able to offer free sites to factories such as could be profitably established here. Textiles especially would be produced here and many other articles of similar nature which make no dirt or smoke or disagreeable odors.

These things cannot be done in a day but they are problems which are confronting us and are going to continue to be more pressing as time goes on. The securing of land for an industrial district should be considered at once and many of our retired residents who have means should be interested in the matter of promoting new industries by subscribing stock and giving of their time and experience to build them up. This would be a blessing to many a family which has sought a home in our fair valley and would give them renewed interest in life in watching the growth and development of its manufacturing plants which could be developed to huge proportions.

W. B. KIRK.

### BIRD AND FLOWER CLUB

LOCAL SOCIETY MAKES INTERESTING TRIP TO MT. CASA VERDUGO

Twenty-three children and four adults comprised the party which spent Wednesday afternoon at the base of Mt. Casa Verdugo, North Glendale. One of the features of the day proved to be the clever puzzles handed in by various members; indeed these proved so interesting that there was no time to devote to the reading aloud of the usual weekly letters. By a majority vote it was decided to hold over until next meeting the recital of these juvenile descriptions of the previous trip.

The views from the foothills were beautiful. Wonderful it is to look over Glendale from a height and to find, in spite of the late, dry summer, the vale so exquisitely green. Everywhere softness met the eye, and rich, satisfying greenness. A scramble up several ridges of the foothill was enjoyed by the bigger children, while the young children took a shorter climb in company with the grown-ups.

Edmund Parker delighted the party by bringing with him a huge watermelon, carrying it manfully in a sack on his back. At his request one of the ladies cut the melon into about fifty good slices, and, sitting in a merry circle, everybody ate the luscious fruit, so thoughtfully and kindly provided by the generous lad.

In future the Bird and Flower Club will be held on Saturday afternoons. Once school begins, Saturday is the only available opportunity. Consequently the next meeting will be held on Saturday of next week, September 16. Members and friends will assemble as usual at headquarters, 1111 Broadway, at 2 o'clock sharp. The trip will be made to Verdugo Park on the 2:15 car. It is expected that an unusual treat will be in store for that afternoon, details of which will appear in these columns within a few days.

As the winter season advances, which in this favored clime means that after the first rains countless flowers will spring up and thousands of new beauties will greet the observant eye, many further attractive features will be added to the Bird and Flower Club. This organization is the afternoon and juvenile section of the Glendale Garden Society.

No other suburban city of which we know can boast two such attractive and up-to-date societies, the

benefits of which are so generously offered to the public; their lectures, their meetings, their weekly trips are open to all alike. A spirit of informal friendliness prevails; the hand of welcome is offered to all comers. As a means of introducing visitors, strangers, residents to each other and to a knowledge of the natural beauties of Glendale and its immediate surroundings, the two societies are unrivalled, and are worthy the support not only of individuals but of the city of Glendale itself.

### TO MY SPANIEL

By Isabelle Fiske Conant

O, little friend, all human friends  
excelling,  
In never-failing love and perfect  
trust;  
O, eyes of light, with kindness ever  
welling,  
No one shall tell me thou art only  
dust.

Thy solace kept my day from being  
lonely—  
God useth little souls for purpose  
great—  
Ah, think not heaven of man and angels  
only,  
This angel-soul shall enter at the  
gate.

The little cherub-souls shall haste to  
meet him  
Tells not the legend of great  
Raphael  
And his dear, dumb companion? He  
shall greet him,  
Angelically, with "Thou hast  
done right well."

Here little children's souls would  
mourn without thee,  
And heaven's fields and gardens  
need thy play,  
God, who hath made thy faith, He  
cannot doubt thee,  
His handiwork, unworthy of  
heaven's day.

—Our Dumb Animals.

There is in every animal's eye a  
dim image and gleam of humanity,  
a flash of strange light through  
which their life looks out and up to  
our great mystery of command over  
them, and claims the fellowship of  
the creature, if not of the soul.

Never lose your temper. Nobody  
wants it: all have enough of their  
own.

One million two hundred thousand  
Americans die each year, it is  
estimated.

A female fly lays an average of  
120 eggs at a time.

### NOTICE TO PARENTS

(Continued from Page 1)

they are at least four years and nine months old, for the following reasons: First, we have a kindergarten course of only one year and if a child finishes that before he has attained to school age he will either have to drop out for a half year or take the same work over again in the kindergarten; second, a child of five will get much more out of the kindergarten work than a child of four and a half.

**Supervising Principal's Office Hours**  
For any further information call up the supervising principal's office between the hours of 9 and 5, except on Saturdays and Sundays. On Saturdays call between 9 and 12 in the morning. Telephones: Sunset, Glendale 593; Home, 1363.

### Districts

Parents are urged to study the district lines as given below and to send their children to the school in whose district they reside, on the first day of the term. Please note carefully also the grades that each school will enroll. These district lines are subject to change, either for a whole school or for separate grades, if the first day's enrollment shows such change to be necessary.

### Intermediate School

All seventh and eighth grade pupils in the Glendale city school district will attend the intermediate school.

### Doran Street School

Grades B1, A1, B2, A2, B3, A3. The district of this school is that part of the Glendale city school district enclosed by the following described line: Starting at the intersection of Brand boulevard and Second street, the line runs east on Second to Isabel, south on Isabel to Broadway, east on Broadway to Glendale avenue, north on Glendale avenue to Third street, east on Third to Cedar street, north on Cedar to Oakwood avenue, west on Oakwood to the easterly prolongation of Burchett street, west on said prolongation to Brand boulevard, south on Brand to Second.

Children of the first three grades from Verdugo Canyon will also attend this school.  
All district lines coincide with the middle of the street except on Cedar street, where both sides of the street will be included in this district. Wherever the lines of this district overlap the lines of any other district, this will take precedence over the other as far as the first three grades are concerned.

### Pacific Avenue School

Grades B1, A1, B2, A2, B3, A3, B4, A4, B5, A5. The district of this school is that part of the Glendale city school district enclosed by the following described line: Starting at the intersection of the San Fernando road and the Tropic city limits, the line runs east along said limits to Brand boulevard, north on Brand to Fifth street, west on Fifth to Central avenue, north on Central to Broadway, west on Broadway to the San Fernando road, south on the San Fernando road to the Tropic city limits.

All children in this district who will enter the A5 and A6 grades will attend the Colorado boulevard school.

### Colorado Boulevard School

All grades through the sixth. The district of this school is all that part of the Glendale city school district enclosed by the following described line: Starting at the intersection of Glendale avenue and the Tropic city limits, the line runs west on said limits to Brand boulevard, north on Brand to Fifth street, west on Fifth to Central avenue, north of Central to Broadway, east on Broadway to Brand boulevard, north on Brand to Second street, east on Second to Louise, north on Louise to First, east on First to Isabel, south on Isabel to Fifth, east on Fifth to Glendale avenue, south on Glendale avenue to Colorado boulevard, east on Colorado to Everett, south on Everett and the southerly prolongation thereof to the Tropic city limits, west on said limits to Glendale avenue.

### Broadway School

All grades through the sixth. The district of this school is that part of the Glendale city school district east and north of the following described line: Starting at the intersection of the southerly prolongation of Everett street and the Tropic city limits, the line runs north along the southerly prolongation of Everett street and then in the same direction along Everett street itself to Colorado boulevard, west on Colorado to Glendale avenue, north on Glendale avenue to Fifth street, west on Fifth to Isabel, north on Isabel to First, west on First to Jackson, north on Jackson and the northerly prolongation thereof to the north boundary of the Glendale city school district.

### Columbus Avenue School

All grades through the sixth. The district of this school is that part of the Glendale city school district enclosed by the following described line: Starting at the intersection of Broadway and the San Fernando road, the line runs east on Broadway to Brand boulevard, north on Brand to Second, east on Second to Louise, north on Louise to First, east on First to Jackson, north on Jackson to the easterly prolongation of Burchett, west on said prolongation and on Burchett street to the San Fer-

### THE DAILY NEWS

Kind friends in this pleasant meeting,  
On this anniversary day:  
I bring you a hearty greeting.  
In the little speech I say,  
You are tolerant, kind, forgiving,  
In giving to each his dues,  
And I'm sure at your hands receive  
Kind words for The Daily News.

You may care very little about me,  
And carelessly pass me by—  
Are you ready to do without me:  
Are you really willing to try?  
If for a week I were absent,  
Aid failed to instruct or amuse,  
How anxiously you'd be asking—  
"What's come of The Daily News."

It has been our single ambition  
To serve you, faithful and well;  
Our failures, humbly confessing,  
Are more than we care to tell.  
Should each of you help a little;  
Help rather than help refuse,  
I am sure there would come to you  
A much better Daily News.

We are proud of our little city  
And anxious in every way,  
To serve and aid in uplifting,  
Toward the best things of today.  
From kindergarten to "highest,"  
From pulpits to humblest pews—  
All may safely rely on the friendship  
Of your servant, The Daily News.  
SAMUEL PARKER.

### ELECTRIC LINE LOSSES

A close estimate for the year 1915 places the losses of the electric lines as a result of the jitney and auto bus competition, in round numbers, at \$3,150,000, and the losses of the steam lines at \$1,140,000, a total of \$4,290,000; and from the information we have gathered covering the first six months of 1916 the indications are that the losses this year directly attributable to this competition will exceed \$5,000,000.

nando road, south on the San Fernando road to Broadway.

### Central Avenue School

Grades B1, A1, B2, A2, B3, A3, B4, A4, B5, B6. The district of this school is all that part of the Glendale city school district lying north of Burchett street and the easterly and westerly prolongation thereof and west of the northerly prolongation of Jackson street. All children in this district who will enter the A5 and A6 grades will attend the Columbus avenue school.

## SAD STATE OF MONTENEGRO

Montenegro is an ancient kingdom. In the days of old when there were no quickfiring and no monster howitzers to smash and destroy even rock entrenchments the Montenegrins were able to defy the powers of Europe and to take refuge among their almost inaccessible rocks, holding their country at the rifle's mouth.

This developed a fine, bold and courageous race. Their king, Nikola, is a poet and a famous warrior. Their people have been bold and loyal. They have loved the monarchy and have found their king as democratic as themselves. The royal palace at Cetinje was a resort for all the people of the land who came to their king as to a father with their complaints and sorrows.

Nikola had cast in his lot with the Russians, being himself a Slav and having a friendly feeling for the czar as for a great father. The fact that all this homelike condition has been destroyed is a great pity. Nikola is a refugee at the court of his father-in-law, the king of Italy, in sympathy with whom and with the Russians the Montenegrins went to war with the Austrians and Germans.

Teutonic vengeance fell upon them very quickly when the Bulgarians joined with the Central powers. Montenegro was overrun. Its king and princes were thrown out of the country and the people placed under the rule that tickets and numbers and calls up for inspection every person in a community. The condition of Montenegro is pitiable beyond the extreme. The Austrians denuded the country of every particle of food and provender they could gather up. They despoiled the women of their jewels and even cut the gold buttons off the coats of the nobility.

Then came the rush of the disorganized and starving Servians, driven from their own country and buffeted by rude hands. Without food and helpless they traversed the land of Montenegro like a swarm of locusts and took away what the Austrians had spared. Thus Montenegro came to be a howling wilderness. The population to the number of 500,000 are looking in vain for sustenance. The country brings forth little for their help and what little is brought forth the Austrian appropriates. It is the first duty of the land to feed the conqueror; after that has been done the "dogs of original inhabitants" may be thankful to eat the crumbs that fall from their masters' tables.

Such is Montenegro. The songs that used to resound through the hills are no longer heard. Women are weeping in dark places for very shame. The mangled bodies of infants lie here and there where the Austrian conqueror has tossed them on the bayonet or where the calcined bones shine through the ashes of the devastated homestead.

The help and the pity that has been accorded Belgium is doubly needed in Montenegro; for Montenegro is inarticulate and proud and has never begged. When it comes, however, to choose between voicing its needs and permitting the whole nation to perish from off the face of the earth the Montenegrins or those who speak for them should choose the former. There would be help for them from some quarter.

## Eye Comfort for Reading and Distance

KRYPTOK Glasses are a wonderful convenience to middle-aged men and women who wear glasses.

You can see both near and far objects through KRYPTOKS with equal distinctness. Yet KRYPTOKS cannot be distinguished from single-vision glasses.

## KRYPTOK GLASSES

### THE ONLY INVISIBLE BIFOCAL

end the nuisance of removing your reading glasses every time you look across the room or at a distance. They relieve the tiring strain upon your eyes caused by frequently looking through your reading glasses, at objects three or four feet away.

KRYPTOKS are solid lenses without seam, line, or blur. They are the ONLY bifocals with smooth, even surfaces—no age-revealing, vision-blurring lines, seams, or shoulders. We are prepared to furnish you the best OPHTHALMIC lenses, solid gold and gold filled eye glass and spectacle mountings.

### LA CRESCENTA NEWS

La Crescenta is certainly more than proud of the Henry-Brown soda water establishment located here, and of its steady growth and business increase. Besides being patronized by local dealers Henry-Brown report a large consignment of soda water to the Owl Drug Company of Los Angeles.

Their greatest reason for success, states Mr. Brown, is the fact that their water is absolutely pure, being filtered under pressure through six tripoli stones, which are absolutely germ proof. Their flavors are likewise pure fruit extract, having no artificial coloring or flavoring.

When bottles are returned to their establishment they are washed with hot water for twenty minutes and then rinsed, sterilized and tested for cleanliness.

Next they are placed in racks and filled one-fourth full of flavoring extract, then one after the other each bottle is automatically filled with soda and capped under a pressure of thirty pounds within the bottle.

The firm announces a flavor entirely new on this coast, entitled "Grapefruitola." This new drink is a pure product of the meat and juice of grapefruit, Henry-Brown being the sole agents in the West.

An invitation is offered to everyone to visit and inspect the plant at any time.

The La Crescenta church is preparing for a two-weeks' series of evangelistic meetings.

The meetings will take place every evening from Sunday, September 17 to Saturday, October 1.

Rev. Hopping has arranged to have the Rev. Frank Dixon from Mountain View, Cal., to speak on the principle and aim of evangelism.

Rev. Dixon is a great soloist and a widely known man. He accompanied Rev. J. Wilbur Chapman on his great city evangelistic campaign and tour of the world.

Mr. White of the White Grocery, with his wife, enjoyed a scenic auto trip through Sunland and Little Lands on Labor Day.

Mrs. Brown, Mrs. Clafflin and Miss Mollie Brown has returned after a week's trip to Alamitos Bay, as guests of Mr. Caldwell and daughter, May.

Mrs. C. V. Rheinhart of Tucson, Ariz., who is visiting at the home of her sister, Mrs. Johnson, in Sunland, was a guest of Mrs. J. S. Erwin on Labor Day. Mrs. Rheinhart is an old pioneer of Crescenta, having lived at the old Fitzgerald rancho many years ago.

## Personals

Mr. and Mrs. J. M. Banker, No. 231 Cedar street, returned from Hermosa Beach Tuesday morning.

Mrs. Harvey Kirk of Los Angeles will be a guest Friday of Mrs. L. E. Wilbur, No. 1466 Patterson avenue.

Prof. and Mrs. A. W. Tower and little Miss Ruth, of No. 743 Adams street, returned Tuesday from a pleasant outing at Balboa.

N. E. Otis and A'fred Land returned Wednesday from a two-days' hunting trip at Elizabeth Lake where they secured the limit in doves.

Mr. and Mrs. A. R. Redman of Pomona, Cal., were week-end visitors at the home of Mr. and Mrs. J. H. Redman, No. 450 West Broadway.

Mr. J. H. Redman, No. 450 West Broadway, Deputy County Assessor, has accepted a position with the Lyons grocery, No. 572 West Broadway.

Miss Eula Richardson, No. 805 South Central, has been a house guest during the past two days with her friends, the Misses Stanford of Hollywood.

Miss Minnie Cross, No. 417 East Third street, who recently resigned her position in the City Hall, is now employed in the office of the Title Guarantee & Trust Company of Santa Barbara.

Mr. and Mrs. H. P. Schoeller of Antelope Valley arrived in Glendale Tuesday evening and will spend a few days with Mr. and Mrs. H. B. Lynch, No. 216 Orange street. Mrs. Schoeller is Mr. Lynch's sister.

Robert Jensen, manager of the Palace Grand Theater, returned Thursday from a few days' hunting trip and is now meeting the patrons of the theater in his usual genial manner.

Mr. G. Bryson of South Brand boulevard has obtained the contract for the plastering of part of a seven-room house that is being renovated by Mrs. Laura Ganche, No. 705 East Park avenue, Eag'e Rock.

Capt. E. D. Johnson, formerly of the Johnson & Lyons grocery, who recently sold out his interest in that establishment, left Thursday for Santa Ana, where he has made arrangements to take up his former business as a building contractor.

Mrs. Claud Berger of No. 825 Lomita avenue, Glendale, just received the sad news of the death of her father, Mr. Henry Lower of Brookville, Ogle county, Illinois. Mr. Lower suffered a stroke of apoplexy three months ago from which he never fully recovered.

Mrs. Ella Richardson of No. 805 South Central is expecting the return of her sons, Will, Paul and John, from Lake Tahoe. The boys motored up to Mrs. Richardson's mountain home at Boulder Creek, in the Santa Cruz Mountains, where they have spent a very pleasant vacation. The boys have reached home on their way home and will be here Saturday.

Mr. and Mrs. Edwin H. Gillette of Des Moines, Iowa, who have been visiting friends in Glendale, visited San Diego last week, taking in the exposition and other points of interest in and near the southern city. They were accompanied by their aunt, Mrs. Mary Ella Smith of No. 234 North Kenwood street.

Mr. and Mrs. E. H. Kerker of the De Luxe apartments, accompanied by Mrs. Fred Bright of Los Angeles and her son, made a week-end auto trip to Sulphur Hot Springs, near Santa Paula, returning late Monday night. They found the climate at the springs ideal and the whole country fresh and green.

Mr. and Mrs. R. M. Phair and daughter, Blossom Juliana, have returned to their home at No. 1507 West Fifth street after a week spent with Mr. Phair's aunt, Mrs. Franklin, of the Orovaldo apartments, Santa Monica. Mr. Phair spent most of the time fishing and reports some very good catches. During the latter part of the week the exodus of tourists, on account of the threatened railroad strike, was very much in evidence.

Mrs. Julia T. Lewis of Geneseo, Ill., who has been a house guest of Mr. and Mrs. J. C. Sherer of Somerset farm during the past two months, attended the Illinois picnic, recently held at Eastlake Park, Los Angeles, and achieved the distinction of being the oldest resident of Illinois present. Mrs. Lewis has been a resident in Geneseo during the past sixty years. Notwithstanding her advanced age she has made three trips to California during the past five years.

Clem Moore, Pacific Coast agent for the Toledo floor furnaces, returned Tuesday from a trip to the northern cities of the State in connection with his business. He visited San Francisco, San Jose, San Luis Obispo, Oakland, Fresno, Stockton and Bakersfield. He found the valley route road in much better condition than the Coast route. Many parts of the Coast route State highway are not completed. Notwithstanding this Mr. Moore made the journey home in two days. Business in the northern cities is good. Mr. Moore's trip was occupied in calling on old agents and appointing new ones.

Capt. E. A. Laurence of the police force, who has been enjoying a fortnight's vacation, is back again at duty.

Mrs. G. Mills of the Mills Employment Agency and her son, George, and daughter, Ivy, left this morning for an outing at Long Beach.

Miss Vandyne Smith of 305 North Adams street gave a class social to her Sunday-school class Wednesday evening at her residence on North Adams. The evening was spent in making articles for sale at the "penny social," to be held at the First Congregational Church on the evening of September 29. Lemonade, punch and cookies were bountifully supplied by the hostess during the evening. Those present were the Misses Millcent Alvord, Margaret Frazee, Isabel Spear, Vera Cox, Fay Butler and Doris Valentine.

J. W. Beach of North Brand boulevard motored to Bakersfield and returned Thursday.

Fred Fish and family of South Maryland are enjoying a couple of weeks in a camp at Big Bear.

Karl LaCom and wife arrived at home Tuesday from their auto honeymoon trip and are now cosily ensconced in their new home at No. 1422 West Seventh street.

Miss Mary Circle of No. 1548 Penn street arrived at home Sunday from Carrollbay, Mo., where she had been with relatives for three months. Her mother, who accompanied her, will remain a year.

Miss Rachel M. Sherer, No. 106 West Broadway, gave an informal dinner Monday night to a few friends. Those present were Mr. and Mrs. J. C. Sherer, Somerset ranch, Verdugo road; Mrs. Laura Stokesberry, Mrs. Julia P. Lewis and Mr. T. E. Townsend.

Mr. H. V. Adams, Elrose avenue, returned home Thursday after a three-months' lecturing trip throughout Minnesota, Wisconsin, Nebraska, Kansas and Missouri. He will be home three weeks and will then begin his winter tour. He says Glendale is the most beautiful place he has seen during all his recent travel.

T. G. Love and wife of No. 1303 Chestnut have recently returned from a visit to old "Blue Jasper," as Jasper county, Illinois, is affectionately called. Newton, the county seat, was their home till five years ago when they moved to California. Jasper county claims as a native son Lawrence Y. Sherman, United States Senator and prominent candidate for Republican Presidential nomination this year.

Elder Emmet E. Francis and son, Donald, left last evening at 7:30 over the S. P. for Indianapolis, where he enters the school of missions to prepare for work in Latin America. They go via San Francisco, Portland, Seattle and Calgary, Canada, in which latter city Elder Francis' father and sister reside. Three days will be spent there and then the journey continued via Winnipeg, St. Paul, Minneapolis and Chicago.

Mr. and Mrs. L. E. Wilbur of No. 1466 Patterson avenue, accompanied by eight of their young Los Angeles acquaintances, motored in two cars Sunday over the foothill boulevard to San Bernardino, Redlands and Riverside. They enjoyed a picnic lunch at Mill Creek Canyon near Redlands and visited Smiley Heights and at Riverside took a trip up Mt. Ruidoux, and, it being a very clear day, they had an excellent view of the surrounding country. They returned home by way of Ontario and Pomona, covering a total of 200 miles that day.

The Glendale News staff has been refreshed the past few days by frequent journeys to a case of the Brown-Henry Company's fine soda water, which was left at our office by the members of this firm. We are in a position to state that this is the best soda water manufactured. The office of the Brown-Henry Company is in Glendale but the factory is located in La Crescenta and is a most sanitary and up-to-date establishment. The company has originated several new flavors and give the individual attention to putting out something distinctive in their line. By their enterprise they have attracted the attention of the large retail dealers and have built up a large business.

## MUTUAL BENEFIT CIRCLE

The Mutual Benefit Reading Circle met Wednesday at the home of Mrs. Charles H. Toll on Kenneth road. The reading of "The Dawn of Character" was continued, chapters on "The Growth of Habits," "The Development of the Will" and "The Training of the Will" receiving the attention of the circle. It is very gratifying to the leader to see the growth of appreciation of the fine points of the books read by the members. The power to grasp and to discriminate has grown along with this growth of appreciation.

Thirty-one members and visitors were present, the visitors including Miss Clara Heald, Miss Annie L. McIntyre, Miss Sadie Yarnell, Mrs. Jesse Marsh and Mrs. W. Kohl.

Anyone interested in the topics read and discussed is very welcome to attend as a visitor or a member. The meetings are held every Wednesday at 11 o'clock at the home of Mrs. Toll, No. 1635 Kenneth road. They are over at 2 p.m., so that a long afternoon remains for the members to devote to other duties. Automobiles meet the 10:30 car from Broadway and Brand at the end of the line to bring to the circle all who wish to attend. The members bring a basket luncheon, tea is served, and a social hour at noon is enjoyed by all.

O peace! thou source and soul of social life;  
Beneath whose calm inspiring influence,  
Science his views enlarges, Art refines,  
And swelling Commerce opens all her ports;  
Blessed be the man divine, who gives us thee!

—Thompson.

## Sounds Good

Advertisements in the papers nowadays would lead one to think that for a few dollars a year a man could secure an insurance policy which would protect his family in case of his death, or himself in old age, with a good income. It would also pay him well for loss of his time by accident or sickness or total disability.

Remember! You pay for what you get in this world.

No Life or Accident companies can sell you insurance at lower net cost than those I represent. Let me explain to you where the cost comes in.

Make Me Your Insurance Advisor

1005 W. Bdw., Glendale

## Constipation-You Can Conquer It!

NOT by the use of laxatives, salts, mineral waters and other purgatives—these are inadvisable because they merely relieve an unpleasant condition but do not reach the basic trouble.

A clogged bowel always means a clogged brain—remember that! But—there is no sense in "dynamiting" the intestinal tract with powerful purgatives that, at best, give but temporary relief.

The more logical, rational way is to prod the eliminative functions into increased activity—promote the abdominal circulation—and make your daily diet as laxative as possible.

Understand—there is no quick, over-night method of curing constipation. It does not come on in a day or a week or a month. It is essentially a disease of civilization and is due directly to our mode of living.

This does not mean, however, that constipation should be accepted as a "necessary evil." Not alone is it unnecessary but it is decidedly harmful—not so much because of itself but because of the host of ailments which follow in its wake.

If you are troubled with constipation—and who is not?—you will do well to begin, at once, a course of eliminative treatments here. And—this is certain!—no one will be more surprised at the results than you yourself!

Treatment Rooms open 9 A. M. to 9 P. M., except Saturday. Trained Nurses of both sexes in attendance. For rates and appointment telephone Glendale 2 or Home 1213

## Leave your call with Big Ben

and sleep soundly, trustingly, every minute of the night—he'll call you on the dot at any time you say. And if you roll over and try just one more nap, he'll remind you gently that it's breakfast time and keep on calling until you're wide awake. There's a feeling of bigness and strength about him, a peculiar glow of brightness and cheer that is strangely novel about an alarm clock. His face is frank, open, easy to read—his keys large, strong, easy to wind—his voice clear, sunny, pleasing to hear. He's about the best alarm clock we have seen in many a day, but don't take our word for it. Come and see for yourself.

## TREES IN NURSERY

FRANK MAREK, CITY FORESTER,  
HAS 2000 SHADE TREES  
FOR TRANSPLANTING

Frank Marek, the city forester, who is an expert on all manner of scale which attack the shade trees of the city, is busy at work these days getting the trees in shape and letting in the light upon the dark places where the black scale flourishes and increases. "There is an improvement in the condition of the city trees just at present," said Mr. Marek. "Last year there was a very great deal of scale."

"Observant people could not have failed to have seen in the early morning the condition of the pavement below the trees of the city. The pepper trees in particular were harboring millions of the black scale and the ground below the trees, or the sidewalks in many cases, would be covered with the 'honey dew' secreted by the scale."

"By letting in the sunlight and air to the trees the scale is thinned out. However, even with the precautions taken, there have been spots this year that have been as bad as anything with which we met last year. On the whole I believe the scale is being destroyed. It may need some other creature to attack scale, just as the lady bug attacks and keeps down certain other scale, but one has not yet been discovered. On Riverdale drive, where I am working at present, the scale is pretty bad on the trees. We are trimming the trees as fast as possible and cutting out the crowns so as to let the sunlight get at the center of the tree. Other districts will be visited soon and the whole town put in shape in this particular."

"I am also working all the time on the tree nursery I have out at my place on Verdugo road. There I have been experimenting in growing young trees for the city. The experiment has been so far successful that there are now more than 2000 trees there. At this time there are several hundred ready for transplantation."

"There are four kinds of trees in the nursery and as they grow up they can be set out throughout the city. The city is willing to do this work on lots so far as the number of trees will go, for a nominal sum. For this sum also the city will take care of the trees after they are planted. The City Manager will probably have something to say on this just now."

"In the nursery there are four varieties—the black acacia, the acacia mollissima, the live oak and the bottle tree (sterqua diversifolia.) It will be a year before the bottle trees are ready for transplantation. The live oaks also will not be ready for a year. The acacias are ready now."

"These trees are in fine condition and will make excellent shade trees later on. The City Manager is making plans for the setting out of those of the trees which are ready."

"It is certain that there will be a great demand for the trees—much greater than the city can supply just now. Ultimately there will be plenty for all. The trees need care after they have been set out and the nominal sum that will be charged for them will insure them that care from the very first."

### HOOD'S NEW SAXON SIX

H. O. Hood, who for more than a year has conducted a very up-to-date auto service with his stand at Broadway and Brand, has recently installed a new Saxon Six touring car. The car is modern in every particular, being painted a pretty light green with a harmonious upholstery with Victoria hood. Mr. Hood is a believer in giving the public the very best possible service, and the best car obtainable is not any too good.

### WORK ON CANADA BOULEVARD

The work on Canada boulevard was begun Tuesday. A large gang of workmen are now busy filling in and leveling up between Wabasso Way and Verdugo road. The Roger Bros. have a large camp and supply depot at Wabasso Way. The Glendale and Montrose Railway is building a spur track from the main line at Colina drive to the hillside on Verdugo Park for the purpose of conveying gravel to the fill-in.

### SENTIMENTALISM

Some people make light of sentiment, some even go further and make jest of it. With the mixture of wickedness and cruelty in this beautiful world, the conditions would be far worse were there not sentimentalists, so-called, to persevere in their efforts to have their ideals endure; not for a day or a year, but to the end of time. To carry out the thought, the impulse, the ideal, as one sees such, counts as a lasting tribute in this world and in the hereafter. Where there is not a semblance of sentiment there is not a warm or charitable or humane heart.

I can't find any old clothes to put on the scarecrow," said the farmer. "You might use some of the fancy duds our boy Josh brought home from college," suggested his wife. "I'm only tryin' to scare the crows; not to make 'em laugh themselves to death."—Harvard Lampoon.

## "KEEP COOL ELECTRICALLY"

—if your husband had to do the work your home  
would have a VACUUM CLEANER!

Your husband would not put up with housecleaning drudgery. He would not spend the time. He would not be satisfied with the results of ordinary cleaning methods. He would not tolerate the destruction of household furnishings from dirt and the make-shift methods used to remove it. He would not pay for having the same thing done over and over in an unsanitary way and never having the home really clean.

If your husband had to do the work he would quickly look for the best mechanical device to do it, some labor-saving system, swift, efficient, harmless, sanitary, economical. And he would order our Vacuum Cleaner.

—you can enjoy Sea Breezes in your home with an  
ELECTRIC FAN!

For an amazingly low cost per year you can enjoy summer after summer the refreshing, restful breezes of an electrical fan. Can you think of anything for so small an outlay that will bring so much health and pleasure in your home? Uses less than half the current of an ordinary electric light.

—then there is the ELECTRIC IRON, TOASTER,  
PERCOLATOR, WASHING MACHINE, etc.

They will cut your housework in half and give you plenty of time to enjoy the outdoor life this summer.

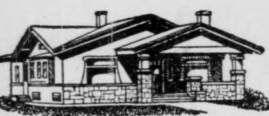

Call on either phone Glendale 1300; Home 47

Our representative will be glad to call and show you how these appliances will change housework to houseplay, and explain our easy payment plan.

## If You Live In a Community

If you have children to educate, if you are interested in local social or religious affairs—if you own or expect to own a home or property in your home town it is to your interest to patronize your local stores and home institutions at all times, provided investigation proves that you can do so to as good advantage as elsewhere. A community is built up from within as well as from without. If Glendale would succeed and grow the citizens will have to boost and co-operate for the good of the town.

Do Not Make a Mistake

The Crystal Ice and  
Cold Storage Co.

Has the ONLY ICE FACTORY in the San Fernando Valley. There are some people in  
Glendale who are pretending they have an ice plant in this vicinity. They have none.  
The people of the Valley have been very loyal to us—and we know they will continue to  
be, as our service, refrigerating quality of our ice, and cleanliness will remain the same.  
Our ice is conceded to be superior to any ice shipped in from Los Angeles. Home  
industry has counted and the people are with us. Our ice is made from Glendale's pure  
water, under a new process.

Come and inspect our plant at 126 East 3d St. and  
receive a beautiful Calendar for 1916 and 1917.

A WISE DOG

The editor of the Fort Deposit  
(Alabama) Clarion sends us for pub-  
lication the following true story re-  
lated to him by his neighbor, a drug-  
gist, says Our Dumb Animals.

This gentleman has a full-blooded,  
registered collie about one year and  
a half old. He also has a bright lit-  
tle boy of three. The little boy and  
dog are great friends. Wherever you  
see one you see the other.

Some time ago the little boy came  
down to the drug-store to pay his  
father a visit. Many trains pass  
here in the afternoon, and he asked  
his father to let him go outside and  
see them as they passed. His father  
gave him permission and the boy  
went out and stood at the edge of the  
pavement for awhile, the dog keep-  
ing close to his side. Soon a fast  
passenger train came along—one of  
those that doesn't stop but rushes  
past at about forty miles an hour.  
Child-like, the little fellow left the  
pavement and started to go nearer  
the track. After going a few steps  
the collie took hold of the boy's arm  
with his teeth and wouldn't let him  
go one step nearer the track until  
the fast train had passed on. The  
little boy scolded the dog, and struck  
him with his free hand, but the col-  
lie set back and held on to him until  
the express had gone by.

The U. S. Public Health Service  
is the nation's first line of defense  
against disease.

### CHILD TRAINING

(Continued from Page One)

into practice every day in their dealings with the young.

Many writers are claiming that it is the duty of all persons to familiarize themselves with this science, as all must come more or less into contact with children. It is not necessary that a school should be attended, or that lessons with an instructor should be taken, though these facilities may be obtained in many localities. There are so many excellent books that deal with all phases of childhood and youth, written by those who have made this their life study, available in all public libraries, that one can learn the main lessons therefrom, if one brings a willing mind to bear upon them. Our own Glendale library is wonderfully well stocked with excellent books on child training, and we are so fortunate as to have in our library a woman who is keenly alive to all the present needs and awake to new ideas and methods. Anyone desiring help in any line, and particularly in educational lines, is sure to receive active assistance in the selection of reading material at the library.

We all read more or less, and many of us read books that we feel bear directly upon the work with which we are concerned. The up-to-date architect reads books and magazines on architecture; the electrician is keen to add to his store of knowledge by the reading of literature that bears on his work. Too many of us forget that we have a distinct duty to the children we live with, and spend all our time on newspapers, magazines and fictional works that are, at best, in many instances, merely a recreation. These things are all good and proper to a certain extent; but none of us can afford to neglect the human, live interests that are around us every day, and to which we owe a great duty. It would be a great stride toward educational advancement if every adult that reads could but make it a point to read every year at least one book of acknowledged worth, dealing with advanced educational ideas and their application to the training and care of children.

### DR. JESSIE RUSSELL HONORED

Recognition of woman's ability in various lines has been rapid during the past few years and Glendale women have been signally honored in the invitation given Dr. Jessie A. Russell, No. 343 North Maryland, to go to New Mexico to take charge of the organization work for the Republican party there.

At the State convention, held two weeks ago, the party indorsed a suffrage amendment and a prohibition amendment, and at the adjournment of the convention several party leaders upon an innovation in organization work to secure the best known woman capable of doing the work. After a conference with the party leaders in this State Dr. Russell received unanimous indorsement and a conference followed.

Dr. Russell was asked to name her own terms and will be permitted to choose her own assistants in every department, all of the terms and conditions asked by Dr. Russell were immediately conceded.

This is undoubtedly the most important recognition of women yet made inasmuch as heretofore no woman has held the position of head of a great State political organization. Dr. Russell is a member of the Friday Morning Club, vice-president and chairman of program of the Woman's City Club, chairman of legislation for seven organizations and an active member of fourteen other clubs and organizations, with an active interest in all matters pertaining to civic advancement. Dr. Russell has for some time past been studying law at the U.S.C. College of Law, being a junior there at the present time.

Do you go to the drug store to buy a tooth brush and then handle the entire stock to see if the bristles are right?

We furnish good Japanese boys any time for gardening, house cleaning, wash windows, wash clothes and general work by day or contract.

H. T. Clark and wife of No. 802 West Fifth street returned Tuesday evening from a delightful trip North. While absent they visited Seattle and all interesting places in that vicinity and on their return trip they stopped off at San Francisco.

Oh first of human blessings; and supreme,  
Fair peace! how lovely, how delightful thou!

By whose wide tie, the kindred sons of men  
Live brothers like, in amity combin'd  
And unsuspecting faith.  
—Thompson.

### WORRY

Eliminate worry, and dyspepsia, so prevalent today, would, most of it, be automatically cured.

Worry is at the root of most nervous diseases, mental disorders.

Earth at last a warless world, a single race, a single tongue—  
I have seen her far away—for is not Earth as yet so young?—

Robed in universal harvest up to either pole she smiles,  
Universal ocean softly washing all her warless isles.  
—Tennyson.

Heart disease, pneumonia and tuberculosis cause more than 30 per cent of deaths.

Do you wash your face carefully and then use a common roller towel?

## Real Bargains in Real Estate

### GLENDALE FOOTHILLS

Madame Schuman-Heink, the famous singer, who has her residence at Knob Hill, San Diego, was a visitor at the Casa Verdugo Cafe Tuesday, where she spent the day with her friends. Mr. and Mrs. Sowle, Madame Schuman-Heink has always been interested in Miss Viola Yorba, Mrs. Sowle's daughter, who has a remarkable voice, which the great singer is anxious should be properly trained in order that Miss Yorba may become an operatic singer.

Mrs. Warner of Los Angeles brought a party of twenty people out to Casa Verdugo Cafe Wednesday to enjoy a regular Spanish dinner amid the beautiful surroundings of that famous spot.

Sunlight and sanitation, not silks and satins, make better babies.
